

A photograph of a woman with long dark hair holding a baby in a purple onesie. The woman is looking at the baby with a smile.

Online conversation about the COVID-19 vaccine, pregnancy, breastfeeding and fertility

- Are you pregnant or breastfeeding?
- Are you thinking about getting pregnant?
- Do you have questions about whether the vaccine could impact your fertility in the future?

A photograph of a pregnant woman in a black top, with her hands resting on her belly.

NHS Community Voice, together with local midwives, health visitors, and other healthcare professionals from across City & Hackney are hosting a **FREE** informal online conversation about the COVID-19 vaccine, pregnancy, breastfeeding and fertility on:

**WEDNESDAY 14TH JULY 2021,
FROM 6.00PM UNTIL 7.00PM**

If you have any questions or concerns about the COVID-19 vaccine, pregnancy, breastfeeding or fertility, this open and honest session will provide you with all of the information and answers you need.

The session will include:

- The science behind the vaccine
- Personal experiences from women who have had the vaccine while pregnant
- An opportunity to ask questions
- Health information and advice from local professionals

To register for the event please find an Eventbrite link below. All those who register before attending will be entered into a free prize draw. If you prefer to simply join via Zoom without registering please use the Zoom link provided below.
